

NUWORLD RESEARCH AND DEVELOPMENT

CORPORATE PROFILE

Nuworld Research specializes in Leads-flow and e-marketing services. We develop and execute strategic marketing programs and channel opportunities through Technology or Risk Partner's sales and after-sales-service network. Our unconventional market entry methods help manufacturers and systems integrators to enter **new markets** and **participate in local opportunities**.

Nuworld recommends investment opportunities to MMC Ontario (an investment holding company). MMC invests in emerging technology companies, secondary tier of manufacturers & system integrators, generally small to medium size businesses (SMB), who wish to be a technology partner in our **"proof of concept"** site in Ontario, while being nurtured as an India focused Anchor Company. Nuworld is a not for profit division of MMC.

TECHNOLOGY / SERVICES

Growing power.
